How to Use This Planner

- 1 Start with the budget. A number per category keeps December calm and January kind.
- 2 List everyone you're buying for, with a budget per person. Tick bought, wrapped and delivered as you go.
- 3 Track online orders, so you know what has arrived and the last day to return it.
- 4 Plan the weeks before Christmas, then the menus, the baking and the shopping list.
- 5 Pick a family advent activity for each day from 1 to 25 December; most take under half an hour.
- 6 After the holidays, fill in "What worked" while you still remember. Next year's planning takes minutes.

Undated: use it this year and print it again next year. US Letter and A4 versions are included. Print as many copies as you like for your family.

For personal use. Please do not resell or share the files. (c) 2026 Starlit Pages.
