# How to Use This Planner

---

- 1 Start with "Our Wedding" and "Priorities". Agreeing on your top three makes every later decision faster.
- 2 Set the budget before you visit venues. Write estimates first, then actual costs as quotes arrive.
- 3 Work through the checklist by time frame. If your engagement is short, merge the early sections.
- 4 Compare up to three vendors per category on the vendor pages, then copy the winners to the contacts page.
- 5 Track every guest on one line: invitation, RSVP, meal choice, gift and thank-you note.
- 6 Two weeks before the day, fill in the timeline and give a copy to your planner, venue and wedding party.

*Print the whole planner or only the pages you need, as many times as you like. US Letter and A4 versions are included; choose "Fit" or "Actual size" when printing.*

*For personal use. Please do not resell or share the files. (c) 2026 Starlit Pages.*
