

Focus Planner

A daily planner for busy, wandering minds

UNDATED · DAILY + WEEKLY PAGES · BRAIN DUMP · DOPAMINE MENU

STARLIT PAGES

How to Use This Planner

- 1 Start with the Brain Dump. Empty your head onto paper before you plan anything.
- 2 Pick only three things that matter today. Everything else is a bonus.
- 3 Break a scary task into tiny first steps. The first step should take under five minutes.
- 4 Use the time blocks loosely. A plan you can change beats a perfect plan you abandon.
- 5 When your energy dips, pick something from your Dopamine Menu instead of doom-scrolling.
- 6 Missed a day? Just start a new page. This planner is undated on purpose.

This planner is a practical organising tool, not medical advice or treatment.
