

Gratitude Journal

90 days of self-care, five minutes a day

GRATITUDE • MOOD • HABITS • SELF-CARE

STARLIT PAGES

How to Use This Journal

- 1 One page, one day. The pages are undated, so start any day and don't worry about missed days.
- 2 In the morning, set an intention. One line: how do I want this day to feel?
- 3 In the evening, write three things you are grateful for. Be specific: not "my family" but "my son called me on his own". Specific is what works.
- 4 Tick your mood, water, sleep and movement. After a month you will see what really lifts you up.
- 5 Once a week, do the review: the best part, the hard part, what to take into next week.
- 6 Every 30 days there is a habit tracker and a mood-in-pixels page. After 90 days, compare yourself with the "Where I Am Now" page.

Personal use only. Please do not resell the files. (c) 2026 Starlit Pages. This journal is not a substitute for professional help.
