STARLIT PAGES

Welcome

Thank you for choosing this book. Inside are 30 original mandalas. Each design is generated as a precise vector drawing and checked page by page, so every shape is large enough to color and the lines stay crisp at any print size.

What's inside

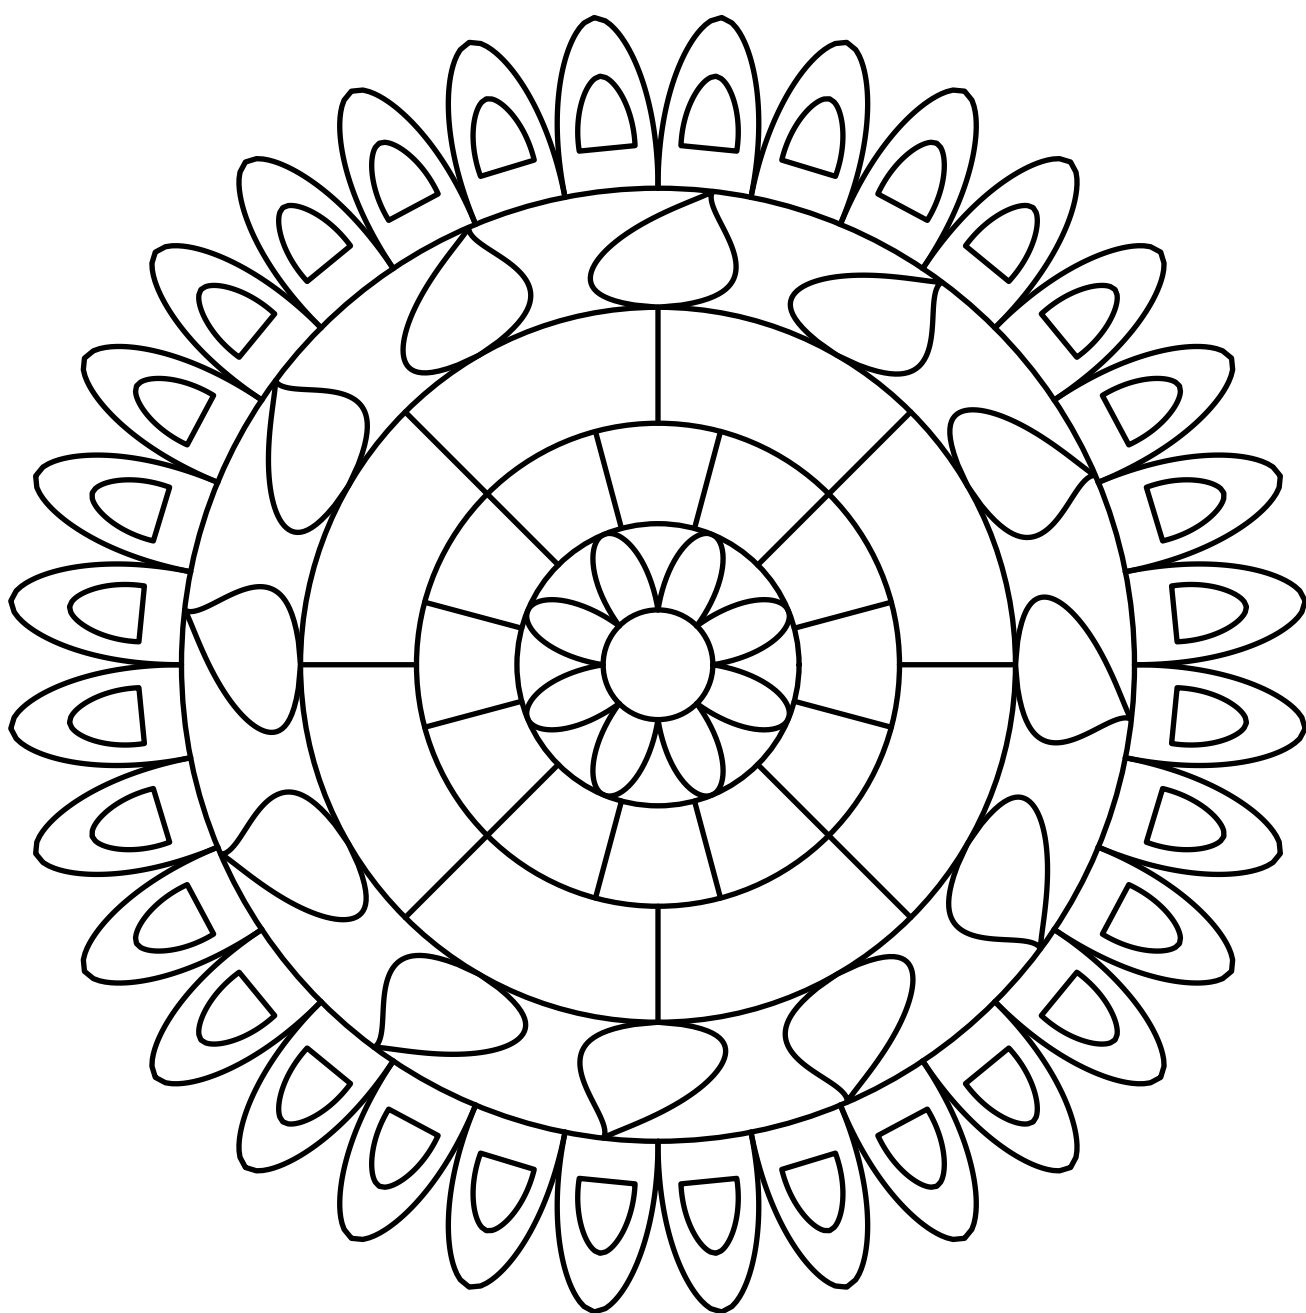

- Mandalas 1-10: Easy. Bold lines and large shapes, perfect for relaxing or for markers.
- Mandalas 11-20: Medium. More rings and details for a longer, calm session.
- Mandalas 21-30: Intricate. Fine lines and small shapes for fine-tip pens and sharp pencils.

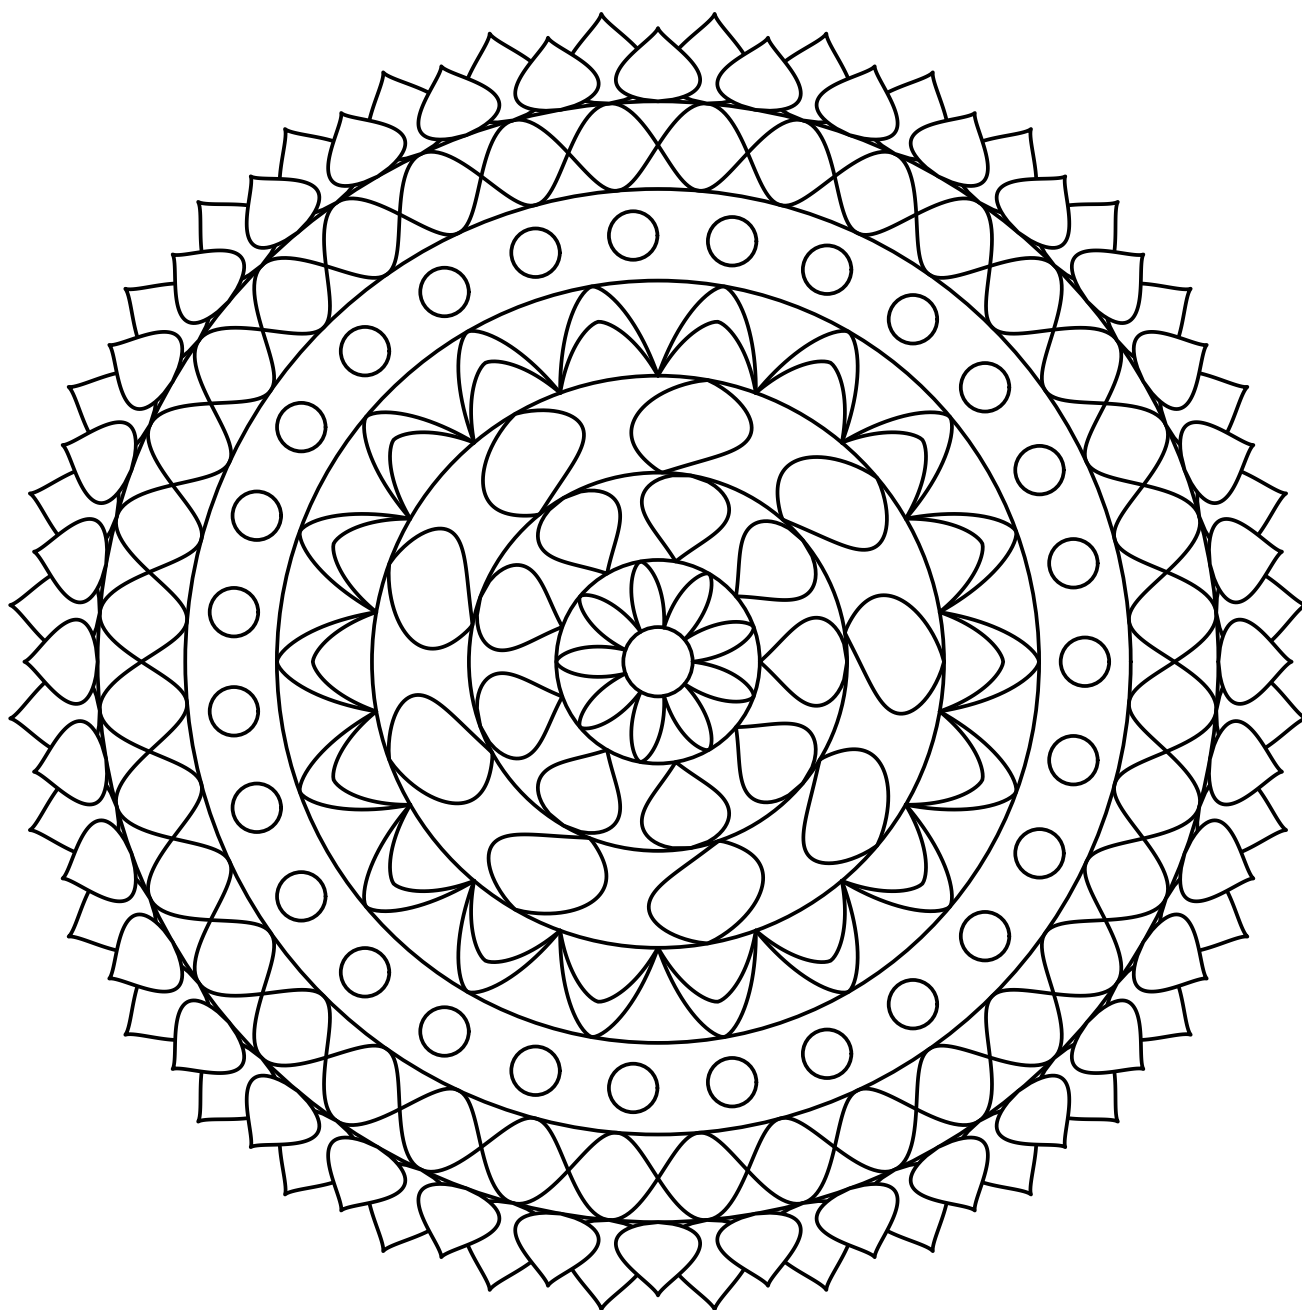

Printing tips

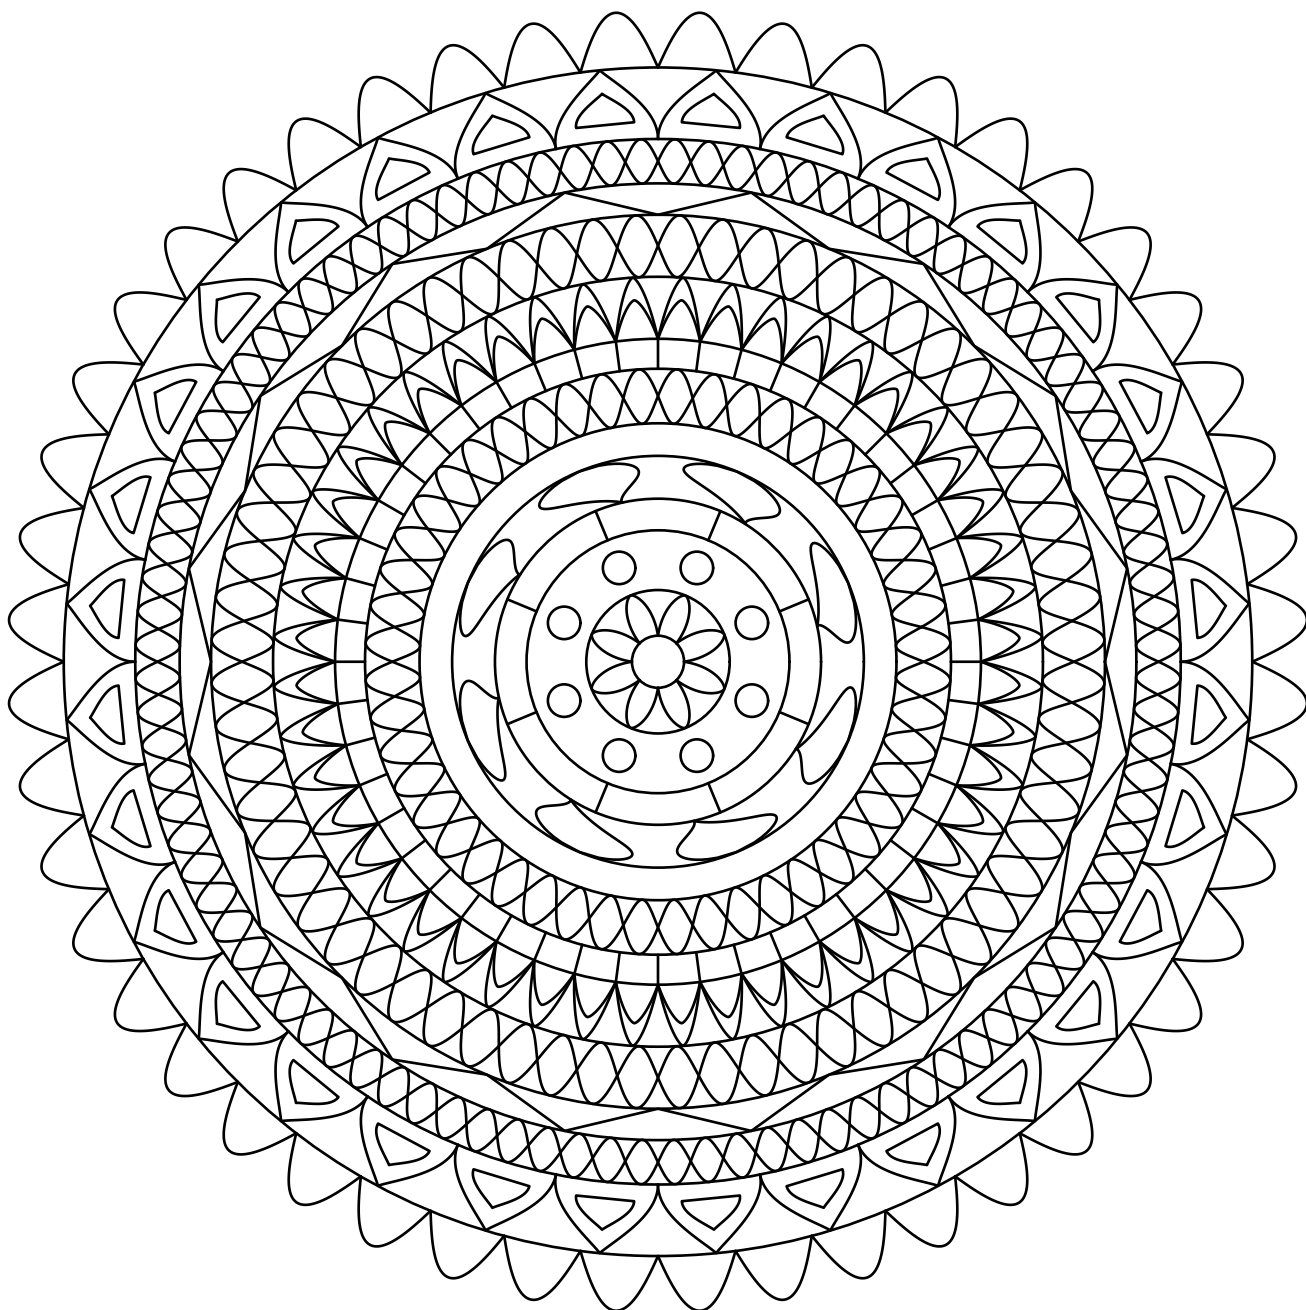

- Print at 100% or "Actual size" (not "Fit to page") to keep the line weight.
- Use heavier paper (100-120 gsm / 28-32 lb) or light cardstock if you color with markers.
- Print on one side only so colors don't bleed through to the next design.
- Two versions are included: A4 and US Letter. Use the one that matches your paper.

License
